

Emissions Recall 67A

The **Emissions Recall 67A Special Warranty Extension** covers the cost of all parts and labor needed to repair the listed items for all U.S. owners and lessees of Model Years 2013–2018 Ram 2500 and Ram 3500 pickup trucks powered by Cummins 6.7L Turbo Diesel engines who receive the software update.

Once customers complete the software update, they automatically receive free **Special Warranty Extension coverage**.

Eligibility is contingent on FCA's standard terms and conditions, which include eligibility exclusions for accident, abuse, neglect, and tampering. All applicable existing warranty provisions remain in effect.

FOR BOTH RAM 2500 AND RAM 3500 PICKUP TRUCKS POWERED BY CUMMINS 6.7L TURBO DIESEL ENGINES

MY = Engine Model Year

Category	Component	MY '13	MY '14	MY '15	MY '16	MY '17	MY '18
Catalysts	Selective Catalyst Reduction (SCR) Catalyst Assembly	✓	✓	✓	✓	✓	✓
	Ammonia Oxidation Catalyst	✓	✓	✓	✓	✓	✓
Sensors	NOx Sensors (Including Engine Out & System Out)	✓	✓	✓	✓	✓	✓
Diesel Exhaust Fluid (DEF) System	DEF Injector	✓	✓	✓	✓	✓	✓
	DEF Injector Controller	✓	✓	✓	✓	✓	✓
	DEF Storage Tank	✓	✓	✓	✓	✓	✓
	DEF Delivery Lines	✓	✓	✓	✓	✓	✓
	DEF Quality Sensor	✓	✓	✓	✓	✓	✓
	DEF Supply Module, Pump, & Temperature Sensor Unit	✓	✓	✓	✓	✓	✓
Additional	*OBD Diagnostic Scan	✓	✓	✓	✓	✓	✓
	**Selective Catalyst Reduction (SCR) Controller	✓	✓	✓	✓	✓	✓

**The Special Warranty Extension will cover the cost of any On-Board Diagnostic (OBD) scan for malfunctions that trigger the OBD malfunction indicator light (MIL), regardless of whether the malfunction is related to a part covered under the Special Warranty Extension.*

***Although Cummins does not expect any damage to the hardware of the Selective Catalyst Reduction (SCR) Controller due to the software update, if any occurs, Cummins will replace the hardware at no cost to the customer and provide a two-year parts warranty for the replaced part.*

Warranty Extension Coverage Period

Coverage period is the **greater of**:

- 10 years from the date of initial sale or 120,000 miles on the odometer (whichever comes first)
- OR**, 4 years or 48,000 miles from the date of Emissions Recall 67A completion (whichever comes first)

Coverage period cannot exceed December 31, 2033, for any eligible vehicle that receives Emissions Recall 67A after April 9, 2027.

Already replaced a component without receiving the Special Warranty Extension?

The Special Warranty Extension coverage begins when an eligible U.S. owner/lessees completes the software update. **Affected U.S. owners/lessees will be reimbursed for eligible repairs if they have paid for a covered repair or service.**
